years of experience, since 2002	countries worked in	training programs delivered

EXPERIENCE

2019 – present — **ERP & DevOps Consultant · Technical Instructor**
Independent, in partnership with implementation and training companies

- ERP implementation on Odoo, and Falcon ERP before it: business-process analysis, then implementation. Projects include Marino Kitchen Equipment and 10 companies of Al Khoury Holding.
- DevOps and DevSecOps for Odoo systems: Docker, Kubernetes and CI/CD pipelines, and securing the code itself.
- OdooSky.cloud: a global platform that automates Odoo from A to Z; the main project today.
- Instructor for Global Knowledge, Fast Lane and other international training companies.

2019 – 2020 — **Founder & Managing Director**
Bravo TC, Qatar

- Founded and ran the company to deliver projects in Qatar.
- Redesigned the publishing system, website and data center of Al Raya newspaper (Qatar), and built a Content Management System to replace the previous system.

2018 – 2020 — **Meeting Manager**
Connect MICE, Ankara

- Managed CLDP (Commercial Law Development Program, U.S. Department of Commerce) programs in the Middle East and North Africa: Cairo, Tunis, Bahrain and Ankara.
- Built an event management system covering planning through delivery.

2013 – present — **Founder**
4th Dimension Academy for IT Training & Consultation, Istanbul

- IT and management training programs for government entities and companies.
- Hundreds of programs for government entities and oil & petrochemical companies in Libya, Saudi Arabia, Qatar, the UAE and Bahrain.
- Direct teaching in information security, networking and infrastructure.
- Attended thousands of hours of official ISC2, CompTIA, Microsoft, AWS and Google training as founder and coordinator.

2008 – 2013 **IT Manager → IT Training Manager & Coordinator**
ITCC, Alexandria

- Network and server administration; set up the TOEFL iBT test lab to ETS requirements and served as an official test proctor.
- Annual IT training plan; coordination of courses and trainee delegations across the Middle East.
- Delivered the center's training programs in Doha, Istanbul and Ankara.
- Teaching since 2010: networking and infrastructure, Microsoft, Linux, network and systems security.
- IT Project Manager for a project at the University of Hail, Saudi Arabia (2011).
- Email marketing campaigns for the center since 2008.

2002 – 2008 **IT Support & Network Technician**
Freelance, Alexandria

- Technical support, PC assembly, and network installation and operation for companies and offices.

INFORMATION SECURITY

Information security instructor for Global Knowledge and Fast Lane. Certified ISC2 CISSP, EC-Council CEH, CompTIA Security+ and ISC2 Certified in Cybersecurity (CC); holds a diploma in information security.

Governance & audit	ISC2 CISSP · ISACA CISA · ISC2 Certified in Cybersecurity (CC)
Defense & ethical hacking	CompTIA Security+ · CompTIA CySA+ · EC-Council CEH
Security products	Fortinet: FortiGate (Firewall) · FortiWeb (WAF) · FortiMail · FortiAnalyzer

Security training clients: Bank AlJazira, the Ministry of Finance of Saudi Arabia, the Central Bank of Libya, the Martyrs Foundation (Iraq) and Arabian Gulf Oil Company (AGOCO).

DEVELOPMENT, DEVOPS & DEVSECOPS

Developer and infrastructure engineer. Founder of OdooSky.cloud, a global platform that automates Odoo from A to Z: installation, management, backup, migration and high availability.

Software development	Complete systems and platforms, including OdooSky.cloud, an event management system and a Content Management System.
Infrastructure	Linux (Red Hat and Ubuntu), Kubernetes, OpenShift and Docker; data center architecture.
Virtualization	Proxmox solutions, Linux virtualization (KVM), storage solutions and high availability.
Automation & CI/CD	Deployment and operations automation; CI/CD pipelines with GitHub Actions.
DevSecOps	Securing the code itself (secure coding), security inside the CI/CD pipeline, and securing Docker and Kubernetes environments.

TRAINING DELIVERED

Hundreds of training programs, taught and fully coordinated end to end, through ITCC, 4th Dimension Academy, Global Knowledge, Fast Lane and partner training companies.

Delivery locations: Dubai, Qatar, Istanbul, Ankara, Cairo, Tunis, Malaysia, Italy, United Kingdom, France.

Selected programs, newest first:

Client	Program	Place and year
Bank AlJazira, via Global Knowledge	Fortinet FortiGate Firewall	Remote, 2026
Arabian Gulf Oil Company (AGOCO), Libya: IT department, Benghazi branch, via Fast Lane	CompTIA A+, Network+, Security+, CySA+, Linux+; EC-Council CEH; Data Analyst for a group from Tripoli	Istanbul, Jan 2026
Martyrs Foundation, Iraq, via RAKIT (Research and Knowledge for Training)	Fortinet FortiWeb (WAF) for the foundation's staff	On site, 2025
Iraqi Airways	Odoo CI/CD: automating the CI/CD pipeline	Istanbul, Aug 2025
Government entity, Qatar, via Global Knowledge	Training program	Rome, Jul 2023
Alexandria and Port Said Customs, Egypt	Training program	Egypt, Aug 2019
Mellitah Oil & Gas, Libya, via 4th Dimension	More than 6 programs, incl. a diploma: CompTIA A+, Network+, Linux+, Cisco, Linux	2014 – 2019
Ministry of Finance, Saudi Arabia	ISC2 CISSP (2016); Microsoft MCSA (Jul 2017)	2016 – 2017
Open programs via 4th Dimension	CISSP, MCSA, High Voltage, management programs	Istanbul, 2014 – 2017
Kuwait Zakat House	Institutional excellence and innovation	Istanbul, Jan 2015
Oman Air, via 4th Dimension	Finance Management (program coordination)	2014
Akakus Oil Operations, Libya	Cisco CCNP Data Center	2014
Libyan oil companies	Cisco CCNA	Dubai and Türkiye, 2010 – 2012
Central Bank of Libya	Dell PowerFlex; Fortinet FortiWeb (WAF)	—
Arabian Gulf Oil Company (AGOCO), Libya, via 4th Dimension	Cisco programs	—

Courses taught

ISC2 CISSP · ISC2 Certified in Cybersecurity (CC) · ISACA CISA · CompTIA Security+ · CompTIA CySA+ · CompTIA Network+ · CompTIA A+ · CompTIA Linux+ · EC-Council CEH · Cisco CCNA · Cisco CCNP Data Center · Microsoft MCSA · Dell PowerFlex · Fortinet FortiGate Firewall · Fortinet FortiWeb (WAF) · Data Analyst · Odoo CI/CD · Linux

PROJECTS

OdooSky.cloud · Founder and developer, current

A global platform that automates Odoo from A to Z: installation, management, backup, migration and high availability. Runs on Kubernetes with CI/CD and brings 7 to 8 technologies into one solution.

Al Raya newspaper (Qatar): rebuilding the publishing system · Qatar, 2019

Redesigned the newsroom system, website and data center, and built a complete Content Management System to replace a costly legacy system.

Al Khoury Holding: ERP implementation

Analysis and implementation in 10 companies of a group of 36.

Marino Kitchen Equipment: ERP implementation
Business-process analysis and implementation.

Event management system · Ankara, 2019 – 2020
Software to manage conferences and programs end to end.

IT project at the University of Hail · Saudi Arabia, 2011
Led the project as IT Project Manager.

Alexandria University data center · During university
Among the first group of students selected to build the university's data center.

PROFESSIONAL CERTIFICATIONS

Information security

ISC2 CISSP (Certified Information Systems Security Professional) 2014

ISC2 Certified in Cybersecurity (CC) 2022

EC-Council Certified Ethical Hacker (CEH)

CompTIA Security+ 2005 – 2010

Networking & systems

Cisco CCNA 2010

CompTIA Network+ 2005 – 2010

CompTIA A+ 2005 – 2010

Virtualization & cloud

VMware Certified Associate: Data Center Virtualization (VCA-DCV) 2013

VMware Certified Associate: Cloud (VCA-Cloud) 2013

VMware Certified Associate: Workforce Mobility (VCA-WM) 2013

DIPLOMAS AND PROFESSIONAL TRAINING

Diploma in Information Security & Cybersecurity (Intensive Cybersecurity & Information Security Program)
Experts Directions in Networks, 12 months, 2025. 14 programs: CISSP, CCSP, SSCP, CEH, CHFI, ECIH, CND, ISO/IEC 27001 Lead Auditor, Palo Alto (PCNSA / PCNSE), FortiGate NGFW, Splunk Fundamentals 1 & 2, NOC Architecture, CompTIA Cloud+, Linux & Kali.

Turkish language, TÖMER
Ankara University (Ankara Üniversitesi TÖMER), 6 months, 2012 – 2013

Odoo Implementation
iValue Academy. Versions 14 to 19; version 20 in progress.

Red Hat OpenStack Administration I (CL110)
Official Red Hat training, 40 hours, 2022

Cyber Supply Chain Management
U.S. Department of Homeland Security (FedVTE), 2022

SANS Cyber Threat Intelligence Summit 2022
Attended

Cisco Networking Academy: CCNA curriculum
6 months, 2010

Hardware I and Hardware II (grade A), and A+

AUC Center for Adult and Continuing Education with the Arab Academy (AASTMT), Alexandria, 2003 – 2005

Other studies

Red Hat Linux, Kubernetes, Shell Scripting, HTML and CSS

Continuous professional development through programs with certified instructors.

EDUCATION

Computer Science

Faculty of Science, Alexandria University

LANGUAGES

Arabic Native

English Professional: reading, writing and speaking

Turkish Professional: speaking, reading and writing. Studied at TÖMER, Ankara University; resident in Türkiye
